ASSIGNED Serial Nº 25511

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office
Returned to applicant for correction APR 7 1970
Corrected application filed WAY 26 1970
Map filed
The applicant Joseph A. Frade and William M. Frade
of Box "D" (Yerington), County of Yerington,
State of Nevada 89447 hereby make application for permission to appropriate the public
waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorpora-
tion; if a copartnership or association, give names of members.)
Joseph A. Frade and William M. Frade
1. The source of the proposed appropriation is Artesian Well Name of stream, lake or other source.
2. The amount of water applied for is 5.4 c.f.s. second-feet One second-foot equals 448.83 gals, per min.
(a) If stored in reservoir give number of acre-feet
3. The water to be used forirrigation and domestic
4. If use is for:
(a) Irrigation (state number of acres to be irrigated)
(b) Stockwater (state number and kinds of animals to be watered)
(c) Other use (describe fully under "No. 11. Remarks")
(d) Power:
(1) Horsepower developed
(2) Point of return of water to stream
5. The water is to be diverted from its source at the following point: NE_{\pm}^{1} SW $\frac{1}{2}$ Section 21, T. 15 N.
R. 25 E., M.D.B. &M., or at a point from which the SE corner of Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land, said Section 21 bears S. 58° 48' 48" E., a distance of 3,399.65 fee it should be stated.
6. Place of use NW and N SW SW Section 21; and N Section 20, all in Describe by legal subdivision, if on unsurveyed land it should be so stated.
T. 15 N. R. 25 E. M.D.B.&M. Excepting that portion of the
Southern Pacific Railroad right-of-way in above listed places of
use.
7. Use will begin about
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans
and specifications of your diversion or storage works.) Well is existing. Distribution
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

ion to beneficial use	Applicant Joseph A. Frade & William M. Frade By S/A. J. Frade P. O. Box 'D' Yerington, Nevada 89447 AFFROVAL OF STATE ENGINEER This is to certify that I have cannied the foregoing application, and do hereby grant the same, subject to following limitations and conditions: This permit is issued subject to all existing the same of the special will be dependent upon the amount of water her obtained under this permit will be dependent upon the amount of water her obtained under the permit will be dependent upon the amount of water her obtained under the permit will be dependent upon the amount of water her obtained under the permit will be dependent upon the amount of water her insight must allow for a reasonable lowering of the static water level at permittee's well due to any other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept. The well shall be equipped with a 2-inch opening for measuring depth to water.
